WORLD WATER DAY
Conference—Water First, Everybody's Business
March 22, 2007
12:15 P.M.-3:00 P.M.
Governors State University Hall Of Honors

In 1992, the UN General Assembly designated March 22 as World Water Day to draw attention to the serious problem of having access to safe drinking water and access to basic sanitation.

The focus of this conference is to envision a world where all the people have access to safe drinking water and sanitation. It will look at existing failures, successes and joint learning examples on how to overcome this most basic problem. When Rotary drilled wells "Children stopped dying".

This conference is organized by Governors State University and the Homewood Rotary Club's Vreni Mendoza, Director of International Service,

Our members need to support Vreni to the utmost on this project by attending... She has worked very long and hard organizing and coordinating it and bringing it to fruition...

This Weeks Poop Sheet
