Different types of identify theft are; criminal cloning, medical, DMV, and financial. Identify theft usually starts with someone stealing your social security number. Things learned from the movies:

Once applied, lipstick will never rub off – even when scuba diving,

If you need to reload your gun, you will always have more ammunition – even if you haven't been carrying any before now.

A man will show no pain while taking the most ferocious beating but will wince when a woman tries to clean his wounds.

It is always possible to park directly outside the building you are visiting.

A single match will be sufficient to light up a room the size of a baseball stadium.
